SPS (Shropshire Paddlesport club) DATA PROTECTION POLICY

A) INTRODUCTION

This Policy sets out the obligations of our Club regarding data protection and the rights of its members in respect of their personal data under the Data Protection Legislation

This Policy sets out the Company's obligations regarding the collection, processing, transfer, storage, and disposal of personal data relating to employee data subjects. The procedures and principles set out herein must be always followed by the Company, its members, contractors, and other parties acting on behalf of the club.

B) DATA PROTECTION OFFICER AND SCOPE OF POLICY

The club's Data Protection Officer is an elected officer at the Annual General Meeting. The Data Protection Officer is responsible for administering this Policy and for developing and implementing any applicable related policies, procedures, and/or guidelines.

All Directors are responsible for ensuring that all members, agents, contractors, or other parties working on behalf of the club comply with this Policy and, where applicable, must implement such practices, processes, controls, and training as are reasonably necessary to ensure such compliance.

Any questions relating to this Policy, the collection, processing, or holding of personal data, or to the Data Protection Legislation should be referred to the Data Protection Officer.

C) DATA PROTECTION PRINCIPLES

The Data Protection Legislation sets out the following principles with which anyone handling personal data must comply. Data controllers are responsible for, and must be able to demonstrate, such compliance. All personal data must be:

- Processed lawfully, fairly, and in a transparent manner in relation to the data subject.

-
- Collected for specified, explicit, and legitimate purposes and not further processed in a manner that is incompatible with those purposes. Further processing for archiving purposes in the public interest, scientific or historical research purposes or statistical purposes shall not be considered to be incompatible with the initial purposes.
 - Adequate, relevant, and limited to what is necessary in relation to the purposes for which it is processed.
 - Accurate and, where necessary, kept up to date. Every reasonable step must be taken to ensure that personal data that is inaccurate, having regard to the purposes for which it is processed, is erased, or rectified without delay.
 - Kept in a form which permits identification of data subjects for no longer than is necessary for the purposes for which the personal data is processed. Personal data may be stored for longer periods insofar as the personal data will be processed solely for archiving purposes in the public interest, scientific or historical research purposes, or statistical purposes, subject to implementation of the appropriate technical and organisational measures required by the Data Protection Legislation to safeguard the rights and freedoms of the data subject.
 - Processed in a manner that ensures appropriate security of the personal data, including protection against unauthorised or unlawful processing and against accidental loss, destruction, or damage, using appropriate technical or organisational measures.

D) PROCESS/PROCEDURES/GUIDANCE

SPS (Shropshire Paddlesport Club) will:

- Ensure that the legal basis for processing personal data is identified in advance and that all processing complies with the law.
- Not do anything with your data that you would not expect given the content of this policy and the fair processing or privacy notice.
- Ensure that appropriate privacy notices are in place advising staff and others how and why their data is being processed, and advising data subjects of their rights.
- Only collect and process the personal data that it needs for purposes it has identified in advance.
- Ensure that, as far as possible, the personal data it holds is accurate, or a system is in place for ensuring that it is kept up to date as far as possible.
- Only hold onto your personal data for as long as it is needed, after which time the Data Protection Officer will securely erase or delete the personal data. The club's data retention policy sets out the appropriate time frame.
- Ensure that appropriate security measures are in place to ensure that personal data can only be accessed by those who need to access it and that it is held and transferred securely.

-
- Ensure that all members who handle personal data on the club's behalf are aware of their responsibilities under this policy and other relevant data protection and information security policies, and that they are adequately trained and supervised.
