## **Shropshire Paddlesport Club**

Safeguarding is a collective responsibility. Everybody involved in paddlesports has a duty of care to safeguard and protect both adults and children, both inside and outside our Club. Safeguarding training is mandatory for all coaches and leaders who operate under Paddle UK qualifications.

Shropshire Paddlesport Club take a robust approach to safeguarding, and will strive to adhere at all times to Paddle UK policies and guidance on safeguarding. More details can be found at:
